PROFESSIONAL SUMMARY

Information Systems graduate from Institut Teknologi Al-Mahrusiyah with a strong interest and experience in data analytics, business intelligence, and data visualization. Skilled in SQL, Python, Google BigQuery, Power BI, Tableau, Looker Studio, and Excel for data processing, dashboard development, and generating insights to support decision-making. Experienced in internship and analytics projects, including developing an advertising performance dashboard that helped improve campaign effectiveness, as well as competitor analysis to support pricing and product strategy recommendations.

EDUCATION

Institut Teknologi Al-Mahrusiyah, Lirboyo, Kediri | 2022 – 2026

- Bachelor's Degree in Information Systems | Graduated on October 13, 2026
- GPA: 3.20/4.00
- Relevant coursework: Database Programming, Data Visualization, Business IT, Project Management, Enterprise Information Technology

PROFESSIONAL EXPERIENCE

Data Analyst Intern — DBKlik, Surabaya | May 2025 – August 2025

- Contributed to the development of a Shopee advertising dashboard tracking CTR, conversion, and CPC, supporting an improvement in campaign effectiveness of up to 15%.
- Supported web scraping and competitor analysis across Shopee and TikTok to develop pricing and product strategy recommendations.
- Managed product data, including dimensions and attributes, and validated inventory through Accurate Portal.
- Prepared weekly best-selling product performance reports to support business decision-making.

iSIKHNAS Livestock Traffic System Administrator — Department of Food Security and Agriculture, Kediri City | February 2025 – March 2025

- Verified livestock movement data through the iSIKHNAS system with reported accuracy above 98%.
- Assisted in preparing and issuing Animal Health Certificates (SKKH) for interregional livestock distribution.
- Supported livestock vaccination activities using livestock population monitoring data for Kediri City.

Project-Based Virtual Intern – Big Data Analyst — Kimia Farma × Rakamin Academy | January 2025 – February 2025

- Imported datasets into Google BigQuery for business analysis covering the 2020–2023 period.
- Developed analytical tables and KPI dashboards to monitor company performance.
- Generated insights on sales trends and product margins to support business strategy evaluation.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

Vice Chairperson — Jam'iyah Far'iyah Mataram | 2024 – 2025

- Coordinated cross-functional teams and supervised more than five annual work programs.
- Led social and religious activities to encourage member participation.
- Strengthened leadership, communication, and project management skills.
